Weight: 1.3kg

Features: Designed for comfort, easy donning,
 lightweight

Sizes: Small 10-12
 Medium 14-16
 Large 16+

Our ladies' harness is specially designed by ladies for ladies.

- The "step-in" harness is manufactured with a high chest V and centre strap for a comfortable fitting, limiting any possible damage to the breast tissue in the event of a fall.
- The harness is supplied with a waist belt for additional comfort and quick connect leg adjustment to aid donning.
- Comfort leg pads are supplied as standard and shoulder pads can be supplied as an optional extra.
